Mount St. Joseph Academy

Philosophy

Mount St. Joseph Academy, a state certified, Catholic secondary school, provides a value based quality education. The Academy is available to students of all faiths and is in keeping with Catholic teaching and Christian values. Mount St. Joseph offers an intense academic program that incorporates religious and moral education through a broad range of curricular and co-curricular activities.

Mount St. Joseph Academy holds as its main goal the education of the whole person. It is our belief that each student is uniquely gifted, thus we cooperate in the development of each student's spiritual, intellectual, emotional, social and physical potential in preparation for life after high school.

We believe that learning occurs in an atmosphere where faith and community are emphasized and overtly practiced so that young people may be supported personally as they grow to a faith-filled, value centered maturity, seeking personal wholeness and effective service of others.

This yearbook is lovingly dedicated to

Mr. Paolo Zancanaro

Theology Chair

"...It meant the freedom of heart that one can only obtain by putting his whole life in the hands of another, with the blind faith that God wills to use our superiors, our directors, as instruments for our guidance and the formation of our souls."

Dear Mr. Zancanaro,

We, the class of 2003 would like to thank you for everything you have done for our class and for our lives. You work tirelessly to introduce us to a God that is compassionate, powerful, and most of all, loving. You have stepped into each one of our lives and tried to help us understand ourselves, and the world around us, in a more realistic and spiritual light. You keep our school aware of issues around the globe, and help us step out of our own lives, and into the lives of other people. You have made us better persons by your presence in our school.

Because of the way you care for us, we wish to show you our care through the dedication of this yearbook. Please know that you have had a lasting impact on our school, and most especially, on our class. Thank you for the person that you are. God bless and Peace be with you.

"You are called to the summit of perfection; you are called to a deep interior life perhaps even mystical prayer, and to pass the fruits of your contemplation on to others. And if you cannot do so by word, then by example." - Merton

Sincerely,
The Class of 2003

Dear Class of 2003,

Robert Frost in one of his poems "The Road Not Taken" writes, " Two roads diverged in a wood, and I- I took the one less traveled by, And that has made all the difference." It is my sincere hope that the years you spent at Mount St. Joseph Academy were a significant good choice for your life journey.

On this journey there are many beginnings and endings, moments of change and transition. You are at one of those transition times as you graduate and move on to the another phase on the road to adulthood.

We send you forth well equipped to meet the challenges that you will encounter. Fortified with a sound understanding of our Catholic faith tradition, you will have the necessary tools to make sound moral and ethical choices. A dedicated faculty has provided you with the skills of scholarship to make you ready to advance your education. Coaches and club moderators have helped you learn to be selfless and to work for the common good.

In these four years you have learned something about friendships. As you know it takes, time and effort to develop good relationships with others. Our prayer is that the friends you have made here at MSJ will be held and remembered fondly in your heart in the years to come.

Take time to thank your parents and/or guardians for their loving care and support of you during the sometimes-difficult days of high school as well as the moments of great joy and excitement. Thank them for the sacrifices they made to make your years at MSJ possible. It was a way for them to let you know that you are loved.

To you the class of 2003 we say, go forth on your journey with joy and confidence. Thank you for being part of the MSJ community. Now take your place among her esteemed alumni. We will miss your presence, but we trust you will take our Mountie Spirit with you wherever you go.

God bless you.

People are often unreasonable, illogical, and self-centered; Forgive them anyway. If you are kind, people may accuse you of selfish, ulterior motives; Be kind anyway. If you are successful you will win some false friends and true enemies; Succeed anyway. If you are honest and frank, people may cheat you; Be honest and frank anyway. What you spend years building, someone could destroy overnight; Build anyway. If you find serenity and happiness, they may be jealous; Be happy anyway. The good you do today, people will often forget tomorrow; Do good anyway. Give the world the best you have, and it may never be enough; Give the world the best you've got anyway. You see, in the final analysis, it is between you and God; It was never between you and them anyway. —Mother Teresa

A Prayer

Keep us Lord, we ask you, as we go forth from this place, and preserve in us the recollection of your continual presence. Be with those who are leaving school and guide them on their way; strengthen with your Spirit those who are to return that in all the thoughts and actions of their daily lives they may live worthy of their calling and be ready to serve you with new life and hope, to the glory of your Name.

A Message From the President

To the Class of 2003:

It seems to be too soon to say goodbye. It feels as though it was not long ago that we were awkward freshman, swimming in a pool that seemed almost too big for us. Who could forget the rush of driving onto Convent Avenue on their first day of high school, or trying to navigate our way throughout the halls of the new and old buildings? And now, we are seniors, ready to take on an even bigger pool. The street of Convent Avenue is like a home for us, and quite possibly, most of us could walk through MSJ with our eyes closed to find our way from room to room. Whereas we may have outgrown this place, we should not outgrow all the fond memories we have made here: the drama plays, the state championships, the class retreats, and all the experiences that have made our experience at MSJ positive.

Many times, people are scared to leave high school because they do not know what the future holds in store for them. I ask you all to forget your anxiety about the future, because the people within this school community, whether it be faculty or peers, have built the character of each one of us into strong human beings. Trust in what you have learned...and you will succeed in life. May God Bless you in the future and Peace be in your heart.

My country is a beautiful country. It is one of ten countries in South East Asia. It is hot all the time and also rain and snow. Most of people are Buddhist. Everybody is nice and opens mind to see a new thing. My hometown is Bangkok. It is the biggest and it is the capital city of Thailand. Bangkok is the center of everything. It is hard sometimes to live here alone without my family, but come to the United States is the one thing that I want to do...I cannot believe that this year is my last year at MSJ. The teachers are very nice. Thank you for helping me during and after school. The Ettori and the Chicarelli - thank you for everything, you are wonderful.

Praowpayom Vichakornkul

My hometown, Leverkusen, is not very big, but it is bigger than here. Vermont is very small. Everybody in here begins to drive at age 16, but in Germany you can drive at age 18. We have a good transportation system. Before I leave the United States I want to travel around and see parts of the USA. To my host family, The Belden-thank you for everything. You are a wonderful person and a very nice host family...I like all the teachers and students here. It seems Americans are nice to each other and to me.

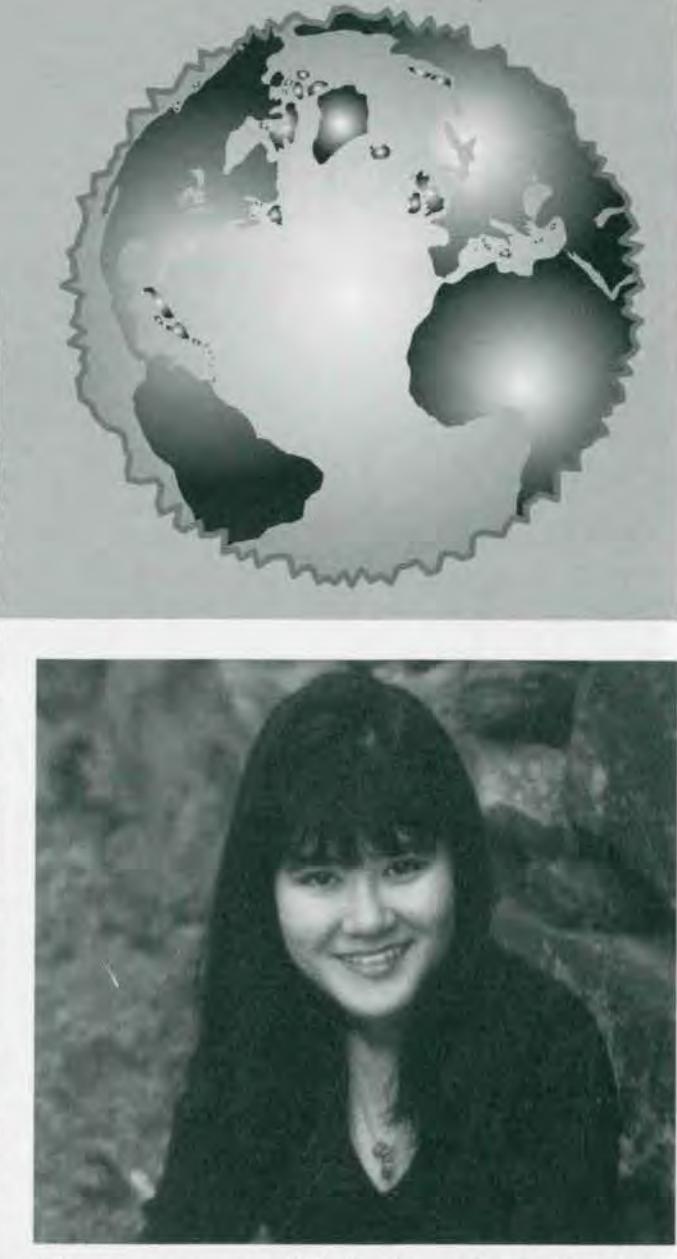

Sebastian Ofner

Korea has a lot for places where everybody can go out and play. People in Korea live in an apartment. Korea has a big shopping place, big movie theater, and a huge tunnel parkway. My life in Vermont has been so exciting and wonderful. It's like a dream! In here has a lot of fun. I have a good experience at MSJ and I won't forget it...To my lovely host family, Woodard's, I am so glad that staying with you. Thank you so much for everything...I won't forget you forever. To my best friends in America...you guys are awesome...Thank you for giving me a lot of memories...

Dong Hwi Seo

Even though my country is small, Korea is a beautiful country. Now Korea has a lot of technical systems. This year Korea hosted the World Cup with Japan and Korea also hosted the Asian Game this year. My hometown is Anyang, which is near Seoul...At first, it was hard since it was really different from my country...I miss my family and friends...but now, I'm having fun with my friends and host family...thank you for being so nice...To the teachers, thank you for helping me during and after school.

Jihei Chang

Praowpayom Vichakornkul, Senior

The scenery of Korea, except the cities, is almost the same as Vermont. My hometown is Seoul, the capital, which has more than 10 million people... Although I do miss my family, I have a very nice host family who cares a lot, so it's okay...To my teachers, thank you for being patient...To my friends...thanks for being nice and fun...To my host family, the Cavacas', I always thank you for everything you do for me...To my ex-host family, the Hassebroeks', thank you for caring...I think I am very lucky to meet people like you!

Eunji Yoo

My country is a beautiful country that looks like Vermont. My country has a population of 85 million...I like it here, mostly on weekend. My hometown, Freiburg, is much larger than Rutland and my hometown has everything that I want...I want to thank my host family for having me all year. I also want to thank friends for going out with me, I had a lot of fun...

Catholic Schools Week

January 27-31, 2003

Christ the King School

February 10, 2003

Dear Sister Connie, Mr. Cirelli, Teachers, and Students of M.S.J.,

"Some people make the sky more beautiful to gaze upon."

We at Christ the King School want to thank you for helping to make our sky beautiful. Your cooperation and participation in all aspects of our Guatemala project; collecting school supplies, our celebration of the beautiful liturgy followed by lunch, donating money and making rosary beads accomplished so much more than providing a community service.

Our combined efforts have blossomed into such generous giving for those less fortunate. Here is the final count:

\$803.03 in cash	177 pieces of chalk
47 sharpeners	274 erasers
2,847 crayons	909 markers
1,184 colored pencils	4,303 pencils
1,480 pens	237 sets of rosary beads

We truly put into practice the Catholic Schools Week theme, "Making a World of Difference" as we worked together sharing our gifts, our joy, and our prayer.

"If the only prayer you say in your whole life is "thank you", that would suffice".

Sweethearts' Dance

Friday, February 14, 2003

An evening of dancing, fun, prizes, and maybe even romance! The students of Mount St. Joseph Academy and their guests spent an enjoyable night out at the Howe Center in Rutland.

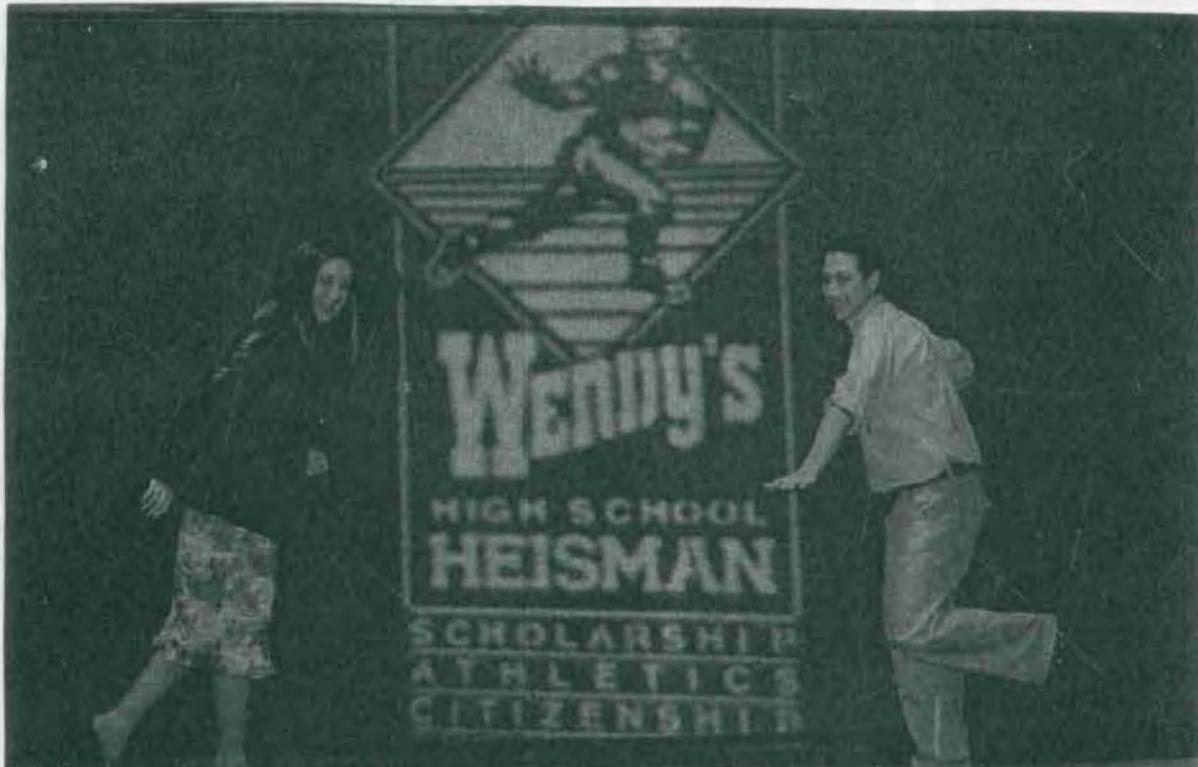

Giglio and Stedman nominated for Wendy's High School Heisman program

RUTLAND — Mount St. Joseph Academy's Brad Giglio and Jennifer Stedman have been nominated for the Wendy's High School Heisman Program by guidance director, Betty Hughes. The program recognizes outstanding achievements in academic aptitude, athletic talent and commitment in and out of the classroom setting.

Giglio received recognition for his volunteer work at the Loretto Home and as an ASU basketball coach, varsity ice hockey, varsity baseball and football. He won the National Student Athlete Award, participated in the Vermont State

Fair, was a delegate to Boys' State, served as vice president of SADD and was class president.

Stedman volunteered at the Community Cancer Center and as an AAU Basketball coach and donated to the American Red Cross Blood Drive. She participated in soccer, basketball and softball, was a member of the National Honor Society, student senate and SADD. She was also a delegate to Girls' State, won a silver medal at the Vermont Science Fair and the Middlebury College Book Award.

I'd like to get away from earth awhile
And then come back to it and begin over.

.....I'd like to go by climbing a birch tree
And climb black branches up a snow-white trunk
Toward heaven, till the tree could bear no more,
But dipped its top and set me down again.
That would be good both going and coming back.
One could do worse than be a swinger of birches.
